Discovery College
Primary Vice Principal

Information for Applicants

Discovery College is searching for an experienced educator to fill the position of Primary Vice Principal. Our College is now at a most exciting time of its development after opening in August 2008. For the 2015-16 academic year we have nearly 1,350 students in Years 1-13 (K-12), on our way to a final student roll of approximately 1,550 pupils.

Discovery College is an exciting and challenging place to work, both personally and professionally. It is not often that educators get an opportunity to be part of the growth and development of a school, especially one as significant as this. Our staff enjoy teaching a wonderful mix of students from 50 countries and 20 mother tongues, including a number of local Hong Kong Chinese students. They work collaboratively with a committed group of international colleagues and have access to a state of the art facility, which includes a wide range of teaching spaces linked by a powerful ICT infrastructure.

We are focused on supporting exceptional teachers and administrators who are willing to embrace the PYP curriculum and be open to change – educators who are creative, collaborative, prepared to share their expertise with colleagues and contribute to the College as a whole. Candidates should be innovative educators with a passion for students and their learning and the ability to motivate and inspire staff.

Joining the ESF family of over twenty schools opens a range of professional development choices, including the opportunity to work alongside other teachers from around the world.

Hong Kong is one of the most exciting cities in the world in which to live and work. Many people who come here for a couple of years end up staying for much of their lives. The city is a wonderful mix of east and west, modern and traditional. The shopping is fantastic and so is the food. Despite having more than seven million people in such a small area, approximately 70% of Hong Kong is parkland. There are numerous hiking trails and wonderful beaches to choose from, and access to other exciting destinations within Asia is very easy.

It is important for prospective applicants to know that employment as a teacher in Hong Kong is dependent on successfully obtaining an employment visa with Hong Kong Immigration, and permission to teach in Hong Kong by the Education Bureau. The latter comes in two forms: Teacher Registration and Permitted Teaching status. ESF HR will guide candidates with understanding the requisite qualifications to work in Hong Kong.

Kind regards

About Discovery College

Our Vision

GROW
Be passionate about being the best we can be.

DISCOVER
Find wonder in the world around us.

DREAM
Dare to make a difference for yourself, humanity and our planet.

This vision statement, created by the College community when the school was founded in 2007, recognizes Discovery College’s belief that students are to be independent, critical and creative thinkers, equipped with the skills, attitudes and values to contribute positively in this complex world in which we live. At Discovery College we believe that powerful learning and teaching occurs under a shared spirit of respect, which dignifies and prizes our diversity of experiences and perspectives, reaches into our traditions as well as into the future, excites a passion for ongoing inquiry and strives to help all learners reach for enduring excellence.

School Information

Discovery College was established by the English Schools Foundation to serve the needs of the local and expatriate communities in Hong Kong. It is a full Years 1 to 13 school offering the PYP, MYP and Diploma programmes. The College uses English as the medium for teaching and learning. There is also a strong emphasis on the acquisition of Chinese (Putonghua) as a second language. The College strongly supports all subject areas with a robust academic curriculum, including the performing and creative arts, design technology and ICT. As a Private Independent School within the English Schools Foundation (ESF), Discovery College has no catchment area in its admission policy, meaning that students from all over Hong Kong can apply to study.
